## **DIRECTORS' REPORT**

Financial Statements (unaudited) for quarter ended March 31, 2024

The Cave Shepherd Group recorded a profit attributable to equity holders of the Company of \$3.5 million or Earnings per Share (EPS) of \$0.19 for the quarter ended March 31, 2024, compared to a profit of \$3.7 million or EPS of \$0.20 for the same period in the

Company of \$3.3 million of Earnings per Share (EPS) of \$0.20 for the guarter ended March 31, 2024, compared to a profit of \$3.7 million or EPS of \$0.20 for the same period in the prior year.

For the first quarter of 2024, the increase in the corporation tax rate to 9%, which took effect from January 1, 2024 contributed to the modest decline in profitability over prior year. Fortress Fund Managers, Cave Shepherd Card (Barbados) Inc. and SigniaClobe Financial Group reported lower profitability, while DCM Financial Group recorded improved results despite the increase in corporation tax rate. Our retail associate, GCS Limited (Ganzee) continues to show growth in revenue and profitability for the first quarter in line with the upward trends in tourist activity. Canzee recently signed an agreement to open five new stores in \$5.1 Lucia and we anticipate that this will bring further profitability to this company for the upcoming tourist season. Our most recent associate, Pick UP Taxi Inc., a ride sharing company, continues to show significant growth in activity and improved profitability.

With net assets of \$102 million compared to \$92 million in the prior year, the Company's Shareholders Equity continues to grow. The Company paid a dividend of 18 cents per share in February 2024, an increase on the previous dividend of 16 cents paid in August 2023. Shareholders will notice our new logo along with its slogan "shaping tomorrow together" that was introduced in the 2023 Annual Report which was published during the period. The Group continues to actively explore organic growth and new investment opportunities in keeping with our strategic goals. We remain optimistic that the Group will record positive results for the remainder of the year, although slightly below the prior year, due to the one-time pension plan surplus gain recorded in December 2023 on its wind-up, and the increase in corporation taxes mentioned ealier.
