Directors' Statement:

The Banks Holdings Limited (BHL) Group continues to execute its long-term plans and deliver strong results for our business in the third quarter by making the changes necessary to deliver increases in our top and bottom lines.

The quarter ended September 30, 2023, saw revenues of \$112 million, a growth of \$9 million or 9% against the same period in 2022. Gross profit was \$34 million compared with \$30 million in Q3 2022. Profit from operations was \$10 million, against \$7 million for the same in the prior-year period; a growth of 42%. in our previous disclosures, the reduction in cash is attributable to the settlement of long outstanding dividend liability to our majority shareholder. As at the last quarter close, 60% of the liability has been settled.

We continue to focus and invest in operational efficiencies to improve productivity and reduce our overall cost per hectoliter (HL) and targeted campaigns that leverage our strength in the market. We are proud of our remarkable ability to build a strong foundation and continue our momentum despite unprecedented headwinds. With the dedication of our employees and the support of our customers we hope to continue this growth path.
