LETTER TO SHAREHOLDERS

FELLOW SHAREHOLDERS,

The Value Fund recorded comprehensive income of Bd\$1.04 million for the three-month period ended December 31, 2023. This result is relative to the Bd\$1.63 million recorded for the first quarter ended December 2022 which included one-off fair value gains from acquisitions. The valuation exercise for the recently acquired properties will take place prior to the financial year end in September 2024. Any adjustments arising from this valuation exercise will be captured in future quarters.

NOI attributable to shareholders for the quarter ended December 31, 2023, was up by 53% moving to Bd\$2.49 million from Bd\$1.69 million recorded for the similar period in FY2022. The increase was driven by contractual rent increases and the incorporation of the lease income from our recent acquisitions.

FFO attributable to shareholders for the December 2023 quarter was Bd\$1.08 million in comparison to the Bd\$1.12 million recorded for the three-month period ended December 31, 2022. The marginal decline in FFO is mainly due to the timing differences between our borrowing for new acquisitions and capital expenditures and the recognition of additional lease income from the properties. The Fund is on track to realise the expected returns on its recent acquisitions in upcoming quarters.

Net asset value per share as at December 31, 2023, was \$0.87 per share, representing a 13% increase on the \$0.77 per share when compared to the same quarter in the previous year.

The Value Fund ended the three-month period as at December 31, 2023, with Bds\$9.1 million of liquidity and continues to maintain a strong balance sheet.

Dividend

In line with the Fund's dividend policy to distribute FFO attributable to shareholders, the Board approved a first quarter dividend payment of 0.25 cents Barbados currency per share to shareholders on record on February 29, 2024.

The Fund's management will continue to remain focused on executing key initiatives to expand the quality of the portfolio and its operations.

We continue to remain optimistic in our outlook for the Fund, and we look forward to sharing further updates with you soon.

Sincerely,

Nicholas A. Scott (Chairman)

2. Statement of Compliance and Basis of Preparation

The unaudited financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) and IFRS Interpretations Committee (IFRS IC) promulgated by the International Accounting Standards Board (IASB), applicable to companies reporting under IFRS. The consolidated interim financial statements have been prepared in accordance with the historical cost convention, as modified by the revaluation of certain financial assets held at fair value through profit or loss and investment properties which are carried at fair value.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Fund’s accounting policies. Although these estimates are based on management’s best knowledge of current events and conditions, actual results could differ from these estimates.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.
